## PROJECT MOSES

Gentlemen,

Joe Worthing, 3rd degree, Fr. Flanagan Boys Town Council 652, Omaha, NE, and Executive Director of Project Moses writes: (*bold markings mine*)

"I write you today hoping that you will ..... get the word out to my brother Knights within your jurisdiction about this new **NO COST** partnership between individual Councils and Project Moses. Whenever Project Moses is featured in Columbia Magazine we get flooded with calls from brother Knights. The most common comment by them is "How Come I have never received information about this before?" We know there are many reasons why, but with your leadership, brother Knights in your jurisdiction will have no excuse for not knowing about it.

This project increases membership, dramatically, places a Ten Commandments monument at every Catholic Church, guaranteed, and sends thousands of \$'s back to your states Pro-Life efforts!

Here's what is happening –

Project Moses wants to give your state's Pro-life efforts thousands of dollars!

From this year's convention to the 2008 convention PM will donate \$300 to your Pro-life chair for every monument a Council is responsible for erecting. 50 monuments mean \$15,000 for pro life work.

### **The Beauty of This Program is That It Costs Councils Nothing**

Remember, this can be done at **NO COST** to the councils, increases membership **AND NOW, PROJECT MOSES WILL GUARANTEE A MONUMENT TO EVERY COUNCIL WHO USES THE ATTACHED PROGRAM.** Please forward this info on to your jurisdiction via your state newsletter and/or state website. Let's grow the Knights and change this culture of death back to one of life all while displaying hundreds of Ten Commandments monuments across your state!

Think about it:

- ↙ **Cost councils NOTHING**
- ↙ **Takes one weekend**
- ↙ **Places a Ten Commandments monument at every Catholic Church – for public viewing – where they will not be removed**
- ↙ **Increases membership 5% - 15% in one evening**
- ↙ **Creates much needed funding to fight FOR LIFE**

As a brother Knight, I beg you, please get the word out that this is available and that Project Moses will provide the materials and support necessary to make it happen for every council interested in engaging in the battle for this country's soul!

God bless,

Joe Worthing, 3rd degree, Fr. Flanagan Boys Town Council #652, Omaha, NE
